Senior Department Promotion Sunday

If you have grown up in Sunday School since young, you will know that the Senior Department is the final department that one attends, before moving on to the Adults Sunday School. Our students stay with us for 3 years (during their JC/polytechnic phase).

In response to the changing needs of our students, we started having classes for full time national servicemen a couple of years ago. The NS classes have been useful in cultivating the spiritual discipline and desire of our young men in the study of God's Word. It has also been a place where they are able to mutually encourage one another through the tough times in national service.

This year, by the grace of God, we have started a brand new class, which is the "Young Adults Class". This class has been set up to cater to the needs of the guys and girls of the university age (who may feel too old to be part of the Senior Department and too young to be part of the Adults Sunday School!).

On the last Sunday of each month, the department meets corporately for a combined message (which we call Open Sunday). Our theme for this year's Open Sunday programme is "The Reformation and Reformed Theology: Its Teachings and Implications". It is our prayer that we will be able to learn about the importance of the Reformation, and ground ourselves in the basics of Reformed Theology, with the aim of drawing practical implications all of this has on our Christian lives.

We extend an open invitation to all the young people in our church to come and join us every Sunday for a time of the study of the Word and for fellowship. Please refer to the on our class details as well as the schedule of messages for our Open Sundays. Do contact Mark Liu at 9667-4268 or post2mark@yahoo.com for any queries.
